

# kfigr

*Sergey Bushmanov*

*08/22/2014*

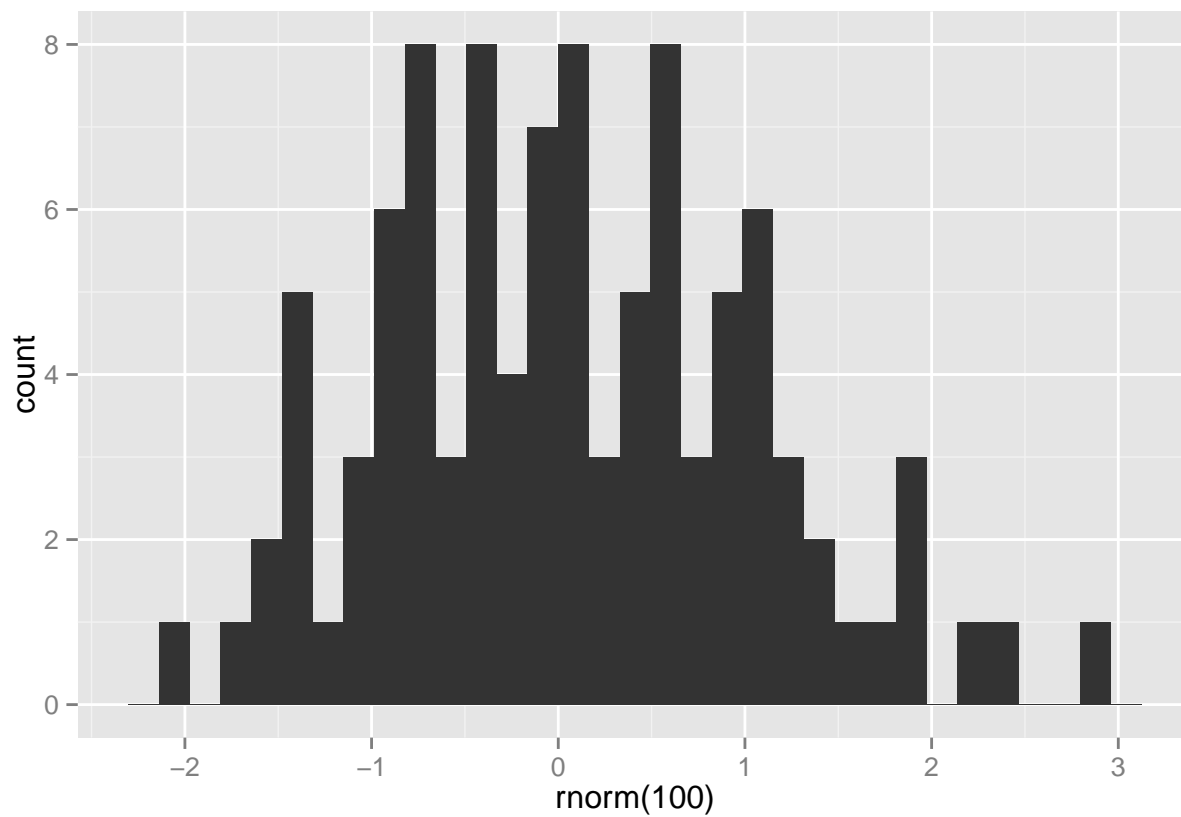

```
library(kfigr)
library(knitr)
```

```
require(ggplot2)
```

```
## Loading required package: ggplot2
```

```
qplot(rnorm(100), geom="histogram")
```

```
## stat_bin: binwidth defaulted to range/30. Use 'binwidth = x' to adjust this.
```

Now, I will use the function 1
